Certified Burner (CCBB) / Introduction to Agency Burn Boss (RXB3)

This 20-24 hour course is designed to enable attendees to receive basic introductory training in the planning, design and implementation of low complexity "pile" burn projects. Topics include a fundamental review of basic wildland fire behavior, project design, smoke management, legal liability, implementation techniques and the development of site specific burn plans with risk management and project complexity as a foundation.

Private entities, upon successful completion of this course will be enabled to initiate a task book certification process through the Colorado Division of Fire Prevention and Control (DFPC) as a Certified Burner Level B Trainee. Once certified, private individuals may receive limited liability protection from the State of Colorado in the event unforeseen and undesirable events occur on a burn project.

Local, county, state and federal agency attendees, upon successful completion of this course will be encouraged to seek a task book certification through their respective agency as a Burn Boss Type III.

Prerequisites: None for private attendees. Agency attendees must have an NWCG agency currency as FFT1 or ICT5 as well as successful completion of the Intermediate Wildland Fire Behavior (S-290) NWCG course.

Dates:	**Oct 16th-18th 2017**
Times:	Oct 16th (1:00 – 5:00 pm); Oct17th & Oct 18th (8 am – 5 pm)
Location:	30 N. Ash Cortez, CO
Cost:	$40

To Register:

Email Tanner Hutt, DFPC Regional Fire Management Officer at tanner.hutt@state.co.us or call 970-787-0880

Important Note: Private entities must attend all three sessions unless they can meet the agency required prerequisites. Agency attendees, having met the prerequisite training and NWCG qualifications will start the class on Oct 17th.
